Lecture 1 Survey

Your opinion is important! Throughout the course, we will seek your feedback on course-related matters through quick surveys, such as this one for Lecture 1. These surveys will always be optional and anonymous, and are in no way related to your course grade.

All surveys will require a password to access them, and the passwords will be given during the lecture that they correspond to. If you decide to participate in the survey, please note that you should do so before the next lecture to have your voice heard.
